ORDER:-

The Engineer-in-Chief(Telugu Ganga Project) in the letter read above has reported that due to heavy cyclonic rains in Nellore District from 24-10-2007 to 30-10-2007 extensive damages occurred to Irrigation sources, drains and flood banks. He has sent proposals to take up immediate protection works to the damaged sources and to take up permanent measures for improvement of flood banks of major rivers in the district in a comprehensive manner. The flood banks to the River Pennar have been formed long time back and there is no continuity through out the length of the river. After commissioning of Somasila Project in 1985, the water has been stored for the first time up to 70.40 TMC against its maximum capacity of 78 TMC. The Somasila Project has been designed with 7.90 lakh cusecs of surplus discharge.

2. The Engineer-in-Chief(Telugu Ganga Project) has reported that the existing flood banks are not able to withstand the high discharge and the surrounding habitations are inundated .In the meeting of High Level Committee, the flood bank standards have been finalized and the proposed flood bank have a total length of 139.25 Kms. To have more competition and also for early execution of flood bank the work is divided into 12 compact reaches at a cost of Rs. 206.32 Crores.

3. The Engineer-in-Chief(Telugu Ganga Project) has therefore requested the Government to give administrative sanction for Rs.206.32 crores to take up the works immediately.

4. Government after careful consideration hereby accord administrative approval for Rs.206.32/-(Rupees twenty thousand six hundred and thirty two lakhs only) for the work "Improvements to the Penna River flood Banks in Nellore Distrit". The details of sanction is given in the Annexure.

5. The amount sanctioned in para 1 shall be debited to Head of account "4711-COL on flood control Project 01-FC MH(03)Civil works-GH(11)Normal state plan-SH(05)Embankments 530 Major Works-531 other Expenditure".
